## TRAIN RESERVATION SYSTEM

- 4) create a sample cloud software application for
- 5) Train reservation using any cloud Provider to demonstrate saas

Aim:-

To create a cloud software application using Train reservation system.

Procedure:-

- Go To Zoho.com and login using Zoho account
- click on the creator option, to create the application.
- click on the "creator New Application" button and select "API based application" ~~library~~ Train membership ~~Registration~~ reservation system
- select the API format we want to use for API application.
- Add forms and fields to your application for a library membership Registration include member's name, address, contact details, date of birth and membership type.
- Add workflows to the application, that updating the membership details.
- Test the API to make sure it works correctly

## Basic Fields —

|                                                                                   |                                                                                     |
|-----------------------------------------------------------------------------------|-------------------------------------------------------------------------------------|
|    |    |
| Name                                                                              | Email                                                                               |
|   |   |
| Address                                                                           | Phone                                                                               |
|  |  |
| Single Line                                                                       | Multi Line                                                                          |
| <b>123</b>                                                                        |  |
| Number                                                                            | Date                                                                                |
|  |  |
| Time                                                                              | Drop Down                                                                           |
